

YACHT AUDIO

COMPANY PROFILE

Yacht Audio is one of the worldwide leading system integrators of high-performance audio, video, IT, automation and light control for major international yacht & residential projects.

The German-based company, founded in 2002 by managing director Jens Bordasch, has its headquarter in Berlin with project offices across Europe.

Yacht Audio's core area of expertise includes the concept design, custom installation and automation as well as global service and maintenance of bespoke superyacht and residential entertainment systems.

With its own research & development division and in-house manufacturing, Yacht Audio is able to offer top end custom made solutions for the most sophisticated projects and owners.

Finally, a strong and long-standing relationship with leading shipyards, designers and interior companies guarantees a smooth integration of even the most complex and advanced audiovisual & information technologies.

YACHT AUDIO

SELECTED INDUSTRY TESTIMONIALS

What do leading managers and designers in the yacht industry say about Yacht Audio:

“Yacht Audio are in a league of their own when it comes to Superyacht AV Systems. Professionalism and Experience you simply can’t beat!”

Brett Smith, Captain M/Y Eclipse – 162m Blohm+Voss

“After 16 years of high tech yacht builds, Yacht Audio delivered a level of quality that M/Y Eclipse [162m] deserved. Their meticulous scheduling with the shipyards and attention to detail has set a new level in the industry.”

Will Faimatea, Director, Bond Technical Management

“The M/Y Sea Owl [62m Feadship] was an incredibly complex and sophisticated build with countless challenges, our success was contingent on highly skilled vendors being able to perform under very demanding circumstances; the Yacht Audio team were outstanding. Thank you.”

Anthony Sands, Client Representative & CEO, Edge Yachts

“Design engineering excellence coupled with a meticulous installation standard, they achieved the finest delivered end product. Yacht Audio are Master AV installers and, from an onsite representatives’ perspective, a real joy to work with.”

Guy Sayers, Project Manager M/Y Sea Owl – 62m Feadship

“Since taking over the AV support of M/Y Titan in September 2012, Yacht Audio have repeatedly delivered a professional service, implemented new solutions with efficiency and attention to detail. Additionally their fantastic support and willingness to go the extra mile has resulted in an AV system that is changing and adapting to the vessels needs with an improvement in quality and reliability.”

Rob Cooper, Captain M/Y Titan – 80m Abeking & Rasmussen

“Yacht Audio has delivered everything in time [162m M/Y Eclipse and 115m M/Y Luna], they’ve done excellent integration work and are a very valued company.”

Richard Pearce, Blue Ocean Yacht Management

“M/Y Astrid Conroy (58m Amels) have recently undergone a major AV upgrade/refit. Yacht Audio were chosen from a tendering process of three as they were competitive in their pricing and had the expertise to complete the project in our tight schedule.

I have been truly impressed with the workmanship, professionalism and quality of the technicians. Yacht Audio worked in seamlessly whilst underway at sea as we were preparing for our cruising season. Industry peers as well as other yacht owners have commented on the quality of the installation in particular the new designated AV room which has become a proud feature of the yacht, Astrid Conroy.

I would recommend to any Yacht contemplating professional, quality AV works to utilise Yacht Audio. You will not be disappointed and will also become your preferred audio visual company. Thank you Jens & team.”

Chris Lawrence, Captain M/Y Astrid Conroy – 58m Amels

“Yacht Audio has carried out an excellent AVIT integration on M/Y Eclipse. The team is high professional, engaging and aim oriented in the daily business.”

Martin Trostel, Project Manager Interior, Blohm+Voss Shipyards

“ Top installation quality, accurate, absolutely reliable; Yacht Audio always fulfilled any job to our fullest satisfaction.”

Dirk Schmerschneider, AV/IT/Security Coordinator 162m M/Y Eclipse, Blohm+Voss Shipyards

„The best AV Integrator I have yet to work with.“

Lukas A. Skipper, Project Manager 162m M/Y Eclipse, Greenline Yacht Interiors

“The Yacht Audio in-wall speakers developed for my most recent project [115m M/Y Luna] allowed us to integrate a sophisticated high end speaker system into the interior architecture of each space in an unobtrusive and elegant way.”

Donald Starkey, Donald Starkey Designs
